### Liberate Pheasants in County—

Game Warden L. L. Jewell received six dozen pheasants from the state farm at Corvallis, and liberated the birds Friday. They were turned out on the Neill Ranch, at the Homewood farm and at Holland. Several years ago a number of these game birds were put out at different places in the county and they have multiplied rapidly. In Jackson county this was done much earlier and there is an open season on them each year, with the birds growing thicker every season.
